## 2023 ROSÉ BUBBLES

MADE WITH ORGANICALLY FARMED WILLAMETTE VALLEY PINOT NOIR

**THINK PLANET.** Planet Oregon Wines are a responsibly delicious choice. We farm our grapes sustainably, protecting streams and rivers from run-off that can harm fish and other wildlife. We monitor carbon emissions, energy use, and waste production to ensure the only mark we leave on this Planet is a wine stain or two.

**DRINK OREGON.** Oregon is a world renowned wine region in the beautiful Pacific Northwest. Our grapes are farmed in the Willamette Valley, a diverse landscape of rolling hills and ancient soils sandwiched between the Coastal and Cascade Ranges, a mere 30 miles to the Pacific Ocean. This fun yet sophisticated sparkling rosé shows off Oregon in both quality, value and craft.

**GIVE BACK.** 1% of all Planet Oregon wine sales are donated to the Oregon Environmental Council. Their work ensures Oregonians live healthier lives because our air, water and land are cleaner; our food is sustainably produced; and the products, energy and transportation we rely on are safer for our environment for generations to come.
