

PLANET OREGON

2023 ROSÉ BUBBLES

MADE WITH ORGANICALLY FARMED WILLAMETTE VALLEY PINOT NOIR

THINK PLANET. Planet Oregon wines are crafted with sustainability in mind. We farm responsibly, protect waterways, and minimize our carbon footprint—leaving only a wine stain behind.

DRINK OREGON. Sourced from Oregon's renowned Willamette Valley, our wines reflect the region's vibrant landscapes. This sparkling rosé is a fresh, fun, and beautifully crafted expression of place.

GIVE BACK. 1% of all sales support the Oregon Environmental Council, helping protect air, water, and land so future generations can enjoy a cleaner, healthier Oregon.

TASTING NOTE

"...fragrant, floral aroma and segues to a creamy, fine fizz that's persistent. Offers candied cherry, pistachio and cherry flavors...charming and quaffable." - **90 Points - JAMES SUCKLING**
