**SOTER VINEYARDS | Origin Series**

---

*2018 Dundee Hills Pinot Noir*

**THE WINE.** *The Willamette Valley is Oregon’s most recognized appellation for cool climate wines, and it is in the Northern part of this Valley where the finest vineyards are found.*

*Wines of the Origin Series are a reflection of the unique climates, geographical features, and growing conditions that embody each distinctive region where we source our grapes. Preservation of place is essential to our winemaking philosophy, and in accordance with our environmental principles, all of the vineyards we work with are at a minimum certified sustainable.*

*Historically significant in the Northern Willamette Valley, this area’s Jory soils are red-hued, iron-rich clam loam of volcanic origins. Pinot noirs from the Dundee Hills showcase bright red fruits, perfumed aromatics, opulent texture and fine acidity.*

**AROMAS**

*bright cranberry  
bing cherry  
sun dried tomato*

**PRIMARY FLAVORS**

*sweet red cherry  
ripe raspberry*

**SECONDARY FLAVORS**

*Cara Cara orange  
anise*

**FINISH**

*bright and plush*

**REFLECTIONS**

*This wine has a plushness and delicacy that sets it apart from other wines. It favors the red fruit spectrum with bright red cherry flavors and ethereal undertones of citrus, light spices and tomato leaf. Altogether an enchanting and refreshing wine.*

<b>VARIETAL</b>	<i>100% Pinot Noir</i>
<b>VINEYARD / APPELLATION</b>	<i>100% Dundee Hills Vista Hills Vineyard</i>
