

SOTER VINEYARDS | Origin Series

2023 Dundee Hills Pinot Noir

THE WINE

The Willamette Valley is Oregon's most recognized appellation for cool climate wines, and it is in the Northern part of this Valley where the finest vineyards are found.

Wines of the Origin Series are a reflection of the unique climates, geographical features, and growing conditions that embody each distinctive region where we source our grapes. Preservation of place is essential to our winemaking philosophy, and in accordance with our environmental principles, all of the vineyards we work with are at a minimum certified sustainable.

Historically significant in the Northern Willamette Valley, the Dundee Hill's Jory soils are red-hued, iron-rich clay and loam of volcanic origin. Speegle-Crawford Vineyard is a certified Organic, small, 3-acre vineyard planted in 2017 and sits at 700 feet in elevation.

REFLECTIONS

A vivacious Pinot Noir with a sanguine edge, this wine opens with a metallic glint on the nose—like a freshly minted penny—before giving way to layers of dried strawberry, pomegranate, and dark red cherry. Brisk acidity and mineral tension evoke the iron-rich soils beneath, resulting in a wine that's both grounded and electric. This wine could be a flag-bearer for the entire Dundee Hills AVA.

VARIETY

100% Pinot Noir

APPELLATION

100% Dundee Hills AVA

VINEYARD

100% Speegle Crawford Vineyard

ALCOHOL

13.6%

PRODUCTION

402 cases
