

SOTER VINEYARDS | Origin Series

2023 Eola-Amity Hills Pinot Noir

THE WINE

The Willamette Valley is Oregon's most recognized appellation for cool climate wines, and it is in the Northern part of this Valley where the finest vineyards are found.

Wines of the Origin Series are a reflection of the unique climates, geographical features, and growing conditions that embody each distinctive region where we source our grapes. Preservation of place is essential to our winemaking philosophy, and in accordance with our environmental principles, all of the vineyards we work with are at a minimum certified sustainable.

The Eola-Amity Hills are influenced by maritime breezes funneled through the Van Duzer Corridor. The region has predominantly volcanic, Nekia soils which are rocky and shallow. Cooling winds keep disease pressure low in this AVA, and help to slow phenolic ripening which allows for long hang times and full maturity of fruit.

REFLECTIONS

This wine is from Zena Crown Vineyard, a pristine site we've been working with for over a decade. Leaping from the glass with fresh blueberry and raspberry aromatics, this wine is a joy to behold—lithe, dry, and impeccably balanced. The long, graceful finish lingers with brightness, making it one of the most instantly drinkable and expressive of the 2023 Origin Pinots.

VARIETY

100% Pinot Noir

APPELLATION

100% Eola-Amity Hills AVA

VINEYARD

100% Zena Crown Vineyard

ALCOHOL

13.6%

PRODUCTION

379 cases

CERTIFICATIONS

LIVE / Salmon Safe
